

During the approximately 20 years I worked for Spirit Cruises I experienced many different entertainment formats. As Food and Beverage Director at the Spirit of Washington (1998 – 2005), I had the opportunity to work with Dave Grimm and his company, Player Entertainment. Dave and his team are ultimate professionals. They provided excellent services to all of the Spirit's clients. Dave also went above and beyond his contracts to help us with the audio systems on the boats and pier. He was able to adapt, adjust and perform any type of entertainment that we requested. Dave assisted us with the scripting of the Student DJ cruises that probably still exist today. I worked with Dave as the leader and drummer of the band and as the owner of Player Entertainment. Dave worked closely with the performers and staff to help them look/sound their best. There was never a time that I couldn't ask Dave for assistance that he didn't come through. I have confidence that Dave will provide Entertainment Cruises the best DJ service in the Metro DC area. Feel free to contact me if you would like more information.
